Practice in British India in the matter of Special Additional Pensions.

---

7) The pension rules for most of the Gazetted Officers in British Indian services are found in Art. 349 A, 474 A and 475 A, of Civil Service Regulation

8) In British India, the maximum ordinary pension of Rs.5,000 for 25 years service is now enhanced by Rs.200 per year up to a maximum of Rs.6,000 per annum for service of 30 years and above. In addition to this, Members listed in the Lower and Higher grade posts referred to in Article 475 A. are given an additional pension of Rs.300 per annum and Rs.500 per annum respectively for each year of service in the posts ~~of~~ in the two grades, subject to the following conditions:-

(a) The additional pension is to be regarded as a concession and is given only when special energy and efficiency have been shown.

(b) The maximum special additional pension is Rs.1,500 and Rs.2,500 per annum respectively for service in posts specified in the Lower and Higher grades.

9) Members of Council get special pensions according to the appointments from which they were recruited. Similarly the rules about Chief Justice are very complicated evidently due to the special conditions of recruitment etc., in British India. It is thus seen tht the rates of pension in Briti

India are generally far higher than those in Mysore and there is therefore some force in the representation of the Civil Service Association that the scales of pension here also be suitably enhanced. But it may perhaps be noted that while fixing the maximum rates of pension payable in Mysore, there is perhaps no need to pitch it so high as in British India since after all pensions should have some relation to pay drawn and the pay given to the several classes of Officers in British India are far higher than that given to corresponding officers in Mysore. Officers listed in the Lower Grade viz., Conservator of Forest Directors of Agriculture, Commissioners of Police, Superintending Engineers etc., generally get a pay of Rs.2,000 or above per mensem and Officers in the Upper grades get a pay of Rs.3,000 and above per mensem while corresponding officers in Mysore get a maximum pay of only Rs. 1,400 and in some cases even less.

10) With regard to what exactly the proposals made by the Civil Service Association would cost, we may perhaps request the Comptroller to work out and let us know assuming that this enhancement had effect say 5 years ago.

A

11) That the proposals involve extra cost of course needs no mention. With the recent growth of officers drawing higher pay and the tendency to retire officers immediately they attain the age of 55 years, our pension charges are on the increase and if we agree to the present proposals, they would

them much more.

12) The only change that we may perhaps adopt is giving the maximum pension of Rs.6,000 to holders of special appointments and even in these cases, we may make the scale rise from Rs.5,000 to Rs.6,000 progressively, according to the number of years of service put in, in these special jobs.

13) The extent to which the maximum may be raised with regard to Heads of Departments, Judges of the Chief Court, Members of Council and Chief Judge is for orders. The proposals of the association are contained in para 3. of their letter

34) I submit for perusal and orders a representation from the Mysore Civil Services Association for an enhancement of the pension of the superior officers of the State. The letter from the Secretary of the Association on the subject was received in the Financial Branch in January 1927. From calculations made through the Comptroller, it was found that the proposals involved a material increase in pension charges and as the question of replacing the Pension System by a contributory Provident Fund cum Pension scheme was also strongly pressed by the Association on the attention of Government as an urgent matter, the submission of this file was delayed. The representation regarding the enhancement of pension rates was, however, brought to the notice of the Dewan and the Second Member.

35) (The question of introducing the Provident Fund scheme has been ordered to be kept in sus pending publication of the Government of India Scheme. We have no definite information as to when orders will be passed by the Government of India on the Subject and it is for consideration if independent action may not be taken by us for consulting an Actuary, placing some concrete proposals before him. This file will be submitted separately.)

36) In view of the permanent relief afforded

Note–Contn. Sheet

afforded to the State's finances by the reduction of Rs 10½ lakhs in the Subsidy payable from next year, the Services have become clamant and the case for liberalising the Pension rules is being urged with stronger force than before.

37) The European Professors of the University have submitted a representation for the improvement of their pay and prospects and one of their requests relates to the enhancement of the maximum pension to Rs 6,000/-, which the University Council have supported. This question is being dealt with in the Development Secretariat.

38) When the Mysore Civil Service was constituted in the year 1891, the maximum limit of half average emoluments for officers of this Service, was fixed at the enhanced limit of Rs 6,000/- per annum for an active service of not less than 30 years. In 1906, the position was further improved by ordering the grant of this maximum pension for a qualifying service of not less than 25 years. The privilege granted exclusively to the Civil Service Officers was resented by officers of other departments to whom the maximum admissible under the rules was Rs 5,000/- only. In special cases, the higher pension was granted to officers of other departments also. As it was found difficult to justify the special treatment only to the officers of one department in the State's service and

General & Revenue Secretariat. | S&A File No. 405 140 of 192 8

Serial No.

and as the extension of the privilege to all officers in the State was not considered possible, this special rule was abrogated in 1910, the officers who were then entitled to the privilege being, however, permitted to retain it.

39) Even after the change in the rule, the enhanced pension of Rs 6,000/- per annum has been sanctioned to certain officers who have retired after full service as Heads of Departments, on pay of Rs 1,400/. One precedent has created another and it would be difficult to deny the extension of this privilege to similar cases in future, provided of course, the officer has a good record of service.

T

40) Our Pension Regulations were modelled on the Government of India rules which were in force at the time. The latter have been considerably revised for the benefit of the higher services particularly. In view of this factor and of the high cost of living, the Association has urged, not without some force, for an enhancement of the rates of pension in Mysore.

41) The proposals submitted by the Association are as follows:-

(1) The present maximum limit of Rs 5,000/- to be raised to Rs 6,000/- in the case of <u>all</u> officers.

(2) In the case of officers holding responsible posts such as Heads of Departments,

Note–Contn. Sheet

General & Revenue Secretariat. S44 File No. 105 140 of 192 8

Serial No.

Secretaries to Government and the Judges of the Chief Court, the maximum to be further raised by Rs 300/- for every year of service put in in the appointment, subject to a maximum of Rs 7,500/-

(3) In the case of Members of Council and the Chief Judge, the annual increase over the maximum limt to be Rs 500/- per year, subject to a maximum of Rs 9,000/-.

42) Though the Association choses to characterise these proposals as 'moderate', I have to state on behalf of the Finance Department, that in the present condition of the State's finances, no advance in the pension rates which would entail material extra cost can be contemplated. We cannot afford to follow the standards set by British India in its treatment of the more favoured services.

43) There is however a need for an ~~improvement~~ instalment of improvement in the scale of pension of the higher services in Mysore, having regard to the considerations set forth in the earlier part of this note. And I submit for consideration the following alternative suggestions for modification of the pension rules based on the general provisions in the C.S.R.

(1) In respect of officers of all departments including the Civil Service, the maximum pension of Rs 5,000 for not less than 25

Note–Contn. Sheet

General & Revenue Secretariat. | S&A File No. ~~105~~ 140 of 192 88

Serial No.

25 years' qualifying service may be enhanced by a sliding scale of Rs 200/- per year up to a maximum of Rs 6,000/- for a service of not ~~less~~ less than 30 years.

(2) In the case of Heads of Departments and other officers whose pay is not less than Rs 1,400/- the higher maximum of Rs 6,000/- may be allowed for not less than 25 years' qualifying service.

(3) A further concession may be shown to these officers by raising the money limit of pension for service of less than 25 years, but not less than 20, by 1/5 th of the minimum of Rs 4,000/- In the case of officers entertained directly to high posts, who will not have put in full service by the time of their superannuation, a graduated scale as in British India seems called for. The absence of a provision of this kind in our Regulations e came prominently to notice in the disposal of pension applications of certain high officers recently. The cases coming under this rule will be very few.

(4) In respect of Members of Council and the Chief Judge, an additional pension of Rs 500/- per annum over the higher limit may be allowed subject to a total maximum of Rs 7,500/- per annum.

(5) The minimum period for earning retiring pension may be reduced from 30 to 28 years.

44) For facilitating comparison, the present rates and rules with the suggestions made above are shown in parallel columns in the following table. The proposals of the Civil Service

THE PALACE,
MYSORE.

November 17th, 1927.

My dear Mirza,

With reference to your d.o.letter No.1993, dated the 31st October last, in which you have asked my opinion on the proposals regarding the enhancement of the pensions granted to officers in superior service, I write to say that I think there is decidedly a case for increase and that, so far as I can judge, the Financial Secretary's proposals seem very fair.

On one point of detail I would remark that the Lee Commission's proposals for giving an enhanced pension to Governors and Members of Council were turned down — so far only as they concerned members of the Indian Civil Service. I don't mention this as a precedent to be followed in the Mysore Civil Service. On the contrary I think there is a strong case for paying a higher pension, say, to a man like Sir Harcourt Butler than to a contemporary of his who retired as a

Collector thirteen years ago.

The difficulty that arises (in addition to the inevitable financial one) is that you are already considering a revision of the whole pension scheme in the direction of a Provident Fund. One possible way of meeting this, which it might be worth while to examine, is to allow officers, say, in the last five years of their service, the benefit of a contributory Provident Fund in lieu of an additional pension.

I think it is possible that a scheme of this kind might prove to be specially welcome to Indian Officers, many of whom wait till their retirement to set up houses of their own. In such cases a capital sum down is more valued than a small addition to annual income, while if it is not needed in the lump it can be converted into an annuity.

Yours sincerely,

E Hodgkinson

NOTE ON THE REVISION OF THE PENSION RULES.

**

53 There are 3 cases for consideration and orders:-

PUDI (1) Request of Mr.M.S. Ramachandra Rao, (Private Secretary to Dewan) for permitting optional retirement after 25 years' qualifying service (instead of 30 as at present).

PUD II (2) Request of the Civil Service Association for enhancement of pension rates.

P.U.D III (3) Request of Mr. D. Sreenivasa Rao for the extension to him of the higher maximum limit of pension of Rs 6,000/- applicable to officers specified in App.'A', M.S.R.

D 2. As desired in the Council note of 21st October 1928, the following note on the general question of Revision of pension rules is put up for consideration.

3. The two important questions which have been raised in the papers are these:-

(1) The present maximum limit of pension for full service is Rs 5,000 per auum. The Civil Service Association has represented that this maximum limit should be suitably raised in view of the high cost of living and of the enhancement of the pension rates sanctioned in British India.

(2) The minimum period for optional retirement is 30 years. This had once been reduced to 25 years in the case of officers of the Mysore

Serial No.

Mysore Service. Mr. Ramachandra Rao asks for a revival of this concession.

4. I have recorded my views on both these questions in my notes dated 25-10-27 and 11-12-26 respectively to which reference is invited. The amendments to the Civil Service Regulations -- published in the Gazette of India of 6th October 1928 lend support to my proposals.

5. According to the Government of India rules, Members of the Provincial Civil Services (executive and judicial) including Deputy Collectors, Sub Judges and District Munsiffs and Other officers (of corresponding rank in various departments) specified in Article 349(A) of the C.S.R., are entitled to pension as follows:-

- Vide articles, 465 A and 474 A(ii) C.S.R.-

(a) Retiring pension after completing -- 25 years' qualifying services and in accordance with the following sliding scale:-

Years of completed service.	Scale of pension.	Maximum limit of pension.
25	25/60 of average emoluments.	Rs 5,000
26	26/60 "	5,200
27	27/60 "	5,400
28	28/60 "	5,600
29	29/60 "	5,800
30 & above	30/60 "	6,000

(b) Other pensions (viz., Superannuation, Invalid and Compensation pensions) up to 25 years of completed service according to the scale given

Note—Contn. Sheet

given in article 474 C.S.R., applicable to all officers. Thereafter,

For 26 years	30/60 of average emoluments.	subject to a maximum of	5200
27 "	-do-	"	5400
28 "	-do-	"	5600
29 "	-do-	"	5800
30 & over	-do-	"	6000

6. In Mysore, the enhancement of the maximum limit from Rs 5000 by a sliding scale of Rs 200/- per year to Rs 6000/- as under 5(b) supra has been sanctioned in the case of European Educational Officers of the Mysore University.

7. As I have already submitted, it seems reasonable that the above scale of retiring and other pensions sanctioned in British India should be extended to all officers of the Mysore Civil Service and also to officers, of and above the rank of Assistant Commissioners, in other departments, who may be specified in a new Appendix AA.

8. In British India special additional provisions at Rs 300/- a year up to a maximum of Rs 1,500/- and at Rs 500/- a year up to a maximum of Rs 2,500/- are allowed to certain high officers in the specified Lower and Upper grades respectively. (Vide Article 475 A. M.S.R.)

9. On the basis of the Government of India Superior Civil Services revised pension rules of 1924, the Civil Service Association has suggested that in the case of officers holding responsible

Note—Contn. Sheet

responsible posts in Mysore such as Heads of Departments, Secretaries to Government and Judges of the Chief Court, the maximum limit of Rs 6000/- may be raised by Rs 300/- a year up to Rs 7500/- and that in the case of the Members of Council and the Chief Judge, an annual increase of Rs 500/ subject to a maximum of Rs 9000/- may be allowed.

10. In the present condition of the State finances I fear, it is not possible to permit the special additions proposed. This instalment of improvement may be taken up at a later stage. For the present, I venture to think that the suggestions made by me (vide my note of 25-10-1927 para 43, clauses 1-3) satisfy the more urgent requirements.

11. In the M.S.R. there is no power retained by Government to retire an officer below 55 even after his completing 25 years' qualifying service, if it is in the public interest to dispense with his public services, otherwise than for misconduct etc.,. Cases have, however, arisen in which Govt have found it necessary to order the retirement of such officers in the exigencies of public service. A rule similar to that adopted in British India - vide article 465 A (2) C.S.R. may with advantage be introduced ~~in the Mysore~~ in the Mysore Regulations.

12. To sum up:- The proposals submitted for orders in this note on the basis of my previous

61 According to the information furnished by the Comptroller, the extra cost in giving the benefit of the proposed revised rules to existing pensioners is about Rs 600/- per mensem or Rs 7,200/ per annum.

62 Under article 2 of the Mysore Service Regulations an officer's claim to pension is determined by the rules in force at the time when the officer resigns or is discharged from the service of Government. Whether in extending the benefit of the revised rules to existing pensioners each case should not be considered on its own merits is a point for consideration.

63 I may in this connection point out that one retired Member of Council is in receipt of only Rs 500 though the pension admissible under the existing rules is Rs 600/- per mensem.

To Chief Secy with compliments.

Final Note by the First Member of Council.

Subject:—

Revision of Pension Rules and representation of Mr. D. Srinivasa Rau, Superintendent, Revenue Survey, for enhancing his pay to Rs 1,000/- from 3rd July 1926.

The question of improving the scale of pensions has been urged by the Civil Service Association as well as by certain members of the Service, and their requests are chiefly -

1. the increase of the ordinary maximum from Rs 5,000 to Rs 6,000 per annum,

and 2. special additional pensions to officers holding high appointments, on the lines of the system in force in British India.

2. Mr. D. Srinivasa Rao, Retired Superintendent, Revenue Survey & Settlement, has requested that the maximum pay of Rs 1,000 may be sanctioned to him from July 1926, and that a pension equal to half the average emoluments drawn by him during the last three years of service might be granted to him.

3. The Financial Secretary is of opinion that it is not possible to adopt in toto the British Indian Rules and has suggested in his note dated 30th October 1928 what might be allowed for the present.

4. The subject was considered in Council on 7th December 1928 when it was resolved as follows:-

(1) that the scale of pensions recently sanctioned to European Professors may be extended to all officers and that it is not possible to allow any further concessions in regard to pensions for the present;

(2) that Mr. D. Srinivasa Rao may be given the pension calculated on the average emoluments actually drawn by him and based on the higher maximum of Rs 6,000 per annum now proposed to be sanctioned;

and (3) that his request to be given Rs 1,000 from an earlier date cannot be granted.

33

5. The existing maximum limit of pension is only Rs 5,000/- per annum, and the above Resolution proposes to enhance it to Rs 6,000/- by a sliding scale according to the length of qualifying service as follows:-

Years of completed service.	Scale of Pension.	Maximum limit of pension.
25 ...	25/60 of average emoluments.	Rs 5,000.
26 ...	26/60 -do. -	5,200.
27 ...	27/60 -do. -	5,400.
28 ...	28/60 -do. -	5,600.
29 ...	29/60 -do. -	5,800.
30 & above	30/60 -do. -	6,000.

6. The opinion of the Council may be graciously approved.

File No. 105-26
Serial No. 1

To

F.G. D'Souza, Esq., B.A., B.L.,

Chief Secretary to Government,

Bangalore.

Sir,

I have the honor to state that at the annual business meeting of the Mysore Civil Services Association held in November 1924 the question of the enhancement of the pension of the superior officers of the State was discussed and it was resolved that suitable action be taken to approach Government with a request for the enhancement of pensions; and a sub-committee was appointed to go into all aspects of the question in detail.

2. The present rates of pensions were fixed many years ago and were based on the rates then prevalent in British India. Large economic changes have since taken place enhancing the cost of living considerably. Government have recognised that the all round increase in prices has necessitated a readjustment of the salaries of all officers and have afforded releif wherever possible. No action has, however, been taken with regard to pensions although pensioners are equally affected by high prices. The same question was till recently under discussion in British India and the orders of the Government of India enhancing the pension rates were issued sometime ago. A copy of the rules now obtaining in British India is enclosed herein for perusal. It will be seen from the enclosure

40

that District Officers who join the higher services in British India get practically in the usual course, a maximum pension of Rs. 7,00 /- a year. In addition to to this the Civil Service Regulations have been further modified raising the maximum limit of the amount of pension in the case of officers who correspond to Heads of Departments, Secretaries to Government and in some cases even lower officers. In these cases there is an increase to the maximum limit of pension depending on the number of years of service the officer puts in such appointments. The relevant portion of the Civil Service Regulation is noted in the margin. Consequent on the war and the Reforms and the recommendations of the Lee Commission the position of officers in British India has been so improved that it bears no comparison with that obtaining in Mysore for corresponding officers. Once the salaries of officers in Mysore compared favourably with those obtaining in British India. Now the Mysore Officer is at a great disadvantage in respect of pay and emoluments. We are not however pressing upon Government the question of any enhancement in salaries. The Association would only urge that some relief should be afforded by enhancing atleast the rates of pension.

(x vide enclosure)

3. The Association wish therefore to place the recommendations detailed below for the kind consideration of Government.

(1) The present maximum limit of Rs. 5,000/- for pensions may be raised to Rs. 6,000/- in the case of all officers.

(2) In the case of officers holding responsible posts such as Heads of Departments, Secretaries to Government and the Judges of the Chief Court the maximum limit may be raised by Rs. 300/- for every year of service put in these appointments subject to a maximum of Rs. 7,500/-.

(3) In the case of members of Council and the Chief Judge the annual increase to the maximum limit may be Rs. 500/- subject to a maximum of Rs. 9,000/-

(4) The

4. The Association wish to point out that the proposals are very moderate and that the rates are less than those sanctioned in British India. In British India special rates of pensions are given to Members of Council and judges. Here the increase propsed is only that allowed to superior officers of the high grade in British India. The increase proposed for Heads of Departments here is the rate allowed for the lower grade in British India. The Association propose these lower rates in view of the present position of the State's finances.

5. A rough calculation has been made of the probable additional cost that would have been incurred if the modified proposals had been in force during the last three years and it was seen that the net extra cost that would have been incurred would have come to Rs 7,000/- per annum. It is not possible to estimate what the extra cost would be during the next three years as this would require a very careful actuarial calculation. But it is not likely to be very much more. It may also be stated that few officers in the State service reach Rs 1,000/- before they retire unless they start service as gazetted officers and it is submitted that in such cases it is only right that they should be given the benefit of pensions based on their service and emoluments and the offices held by them.

6 The Association pray that this request may meet with favour at the hands of Government.

I have the honor to be,

Sir,

Your most obedient servant,

M. Venkatesa Iyengar

Secretary,

Mysore Civil Services Association.

Extract from Civil Service Regulations

Officers who have held appointments listed in the lower grade in the schedule below may be allowed by the Local Government an additional pension at the rate of Rs.300 a year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs.1,500 in respect of service [illegible] the lower grade.

(2) Officers who have held appointments listed in the upper grade in the schedule may be allowed by the Local Government an additional pension of Rs.500 a year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500/- in respect of service rendered in the lower and upper grades combined or in the upper grade alone. In the case of an officer who has earned, an additional pension both in the upper and lower grade, service for a broken period of a year in the upper grade may count for service in the lower grade if the pension of the officer is increased thereby.

(3) These pensions will be awarded only to officers who have shown such special energy and efficiency as may be considered deserving of the concession.

(4) In the case of officers entering Government Service after the 31st the December 1909, the grant of the additional pension is subject to the condition that they must, in the event of voluntary retirement, have completed 18 years of qualified service. Voluntary retirement for the purpose of this rule should be taken as retirement under article 464 and 464 A.

Note. The "Effective Service" for the purpose of this article means service of the same nature as that which, under the provision of article 644 counts for the special pensions admissible under article 641.

The ~~existing~~ question of improving the ~~existing~~ scale of pensions ~~of the higher officers in Mysore~~ has been under the consideration of Government for some time past. The Mysore Civil Services Association as well as certain members of the Services have ~~been~~ urging for increase of the maximum limit of pension from Rs 5,000/- to Rs 6,000/- per annum and also for special additional pensions to officers holding high appointments on the lines of the system in force in British India.

2. Government have considered the question ~~in all its aspects~~ and are of opinion that it is not possible ~~in the present condition of the State finances~~ to permit the special additions suggested. They, however, direct that the scale of pension recently sanctioned to the European Professors of the Mysore University in G.O.No. dated be extended to all officers.

The existing maximum limit of Rs5,000/- per annum prescribed in art.336(b) M.S.R. will thus be enhanced to Rs6,000 by a sliding scale according to the length of qualifying service as follows:-

Years of completed service.	Scale of pension.	Maximum limit of pension.

Enhancing the —— from Rs. 5,000 to Rs. 6,000 by a sliding scale.

READ—

Letter dated 5th January 1927, from the Secretary, Mysore Civil Service Association, submitting for consideration certain proposals for the enhancement of the (maximum) rates of pension now allowed under the Mysore Service Regulations.

ORDER NO. FL. 4822-71—S. & A. 140-28-1, DATED 2ND JANUARY 1929.

The Mysore Civil Service Association as well as certain members of the Services have urged the need for increasing the maximum limit of pension from Rs. 5,000 to Rs. 6,000 per annum and also for allowing special additional pensions to officers holding high appointments on the lines of the system in force in British India.

Government have considered the question and are of opinion that it is not possible to permit the special additions suggested. They, however, direct that the scale of pensions recently sanctioned to the European Professors of the Mysore University in Government Order No. 4070-1—C. B. 68-27-4, dated 11th January 1928, be extended to all officers. The existing maximum limit of Rs. 5,000 per annum prescribed in Article 336 (*b*), Mysore Service Regulations will thus be enhanced to Rs. 6,000 by a sliding scale according to the length of qualifying service as follows:—

Years of completed service.	Scale of pension.	Maximum limit of pension.
